Traffic Notice: Academy Street between Lovett Ave. and Courtney St. will be closed until 7/20/13 at 5:00pm. For more information: http://web.facilities.udel.edu/OutageNotification/External/spointDetail.aspx?OutID=7605fe8685034e96b185d92d2aad532

In the News:
- Congratulations to Dr. Steven Lustig who was awarded the 2013 Industrial Research and Development Award!

Training:
Engineering Student Shop Training is required for anyone wishing to work in the shop. If you know of undergrads, grad students or post docs who need to work in the shop this summer, make sure they attend the appropriate training demos.

Milling Machine Training – Wednesday July 10th at 3:30PM. – This training is required for anyone wishing to use the milling machines. This training takes about 90 minutes.

Lathe Training – Thursday July 12th at 3:30PM – This training is required for anyone wishing to use the lathes. This training takes about 60 minutes.

All training takes place in the Engineering Student Shop, 104 Spencer Lab. Please be on time. The door will be locked at 5 minutes after the above times and you will have to wait for the next round of training sessions. If you need any of these training sessions, but cannot make these times, let me know what times are good for you and I will try to schedule the next sessions so that you can attend.

Please let me know if and when you plan to attend and pass this note on to anyone you know who might need training.
