CBE In the News:

- Congratulations to Angela Holmberg who received an ACS GCI Ciba Travel Award.
- Dr. Suljo Linic, who graduated from UD in 2003 with his PhD, gave the Ernest W. Theile Lecture at the University of Notre Dame
- Bloom opens its doors, promises innovations, economic stimulation

Departmental Events:

- **Department Seminar Series**
  Dr. Jeff Rimer, University of Houston
  Friday, November 22, 2013
  10:00 am in 102 CLB
  "Identifying New Paradigms in Crystal Engineering for Catalysis and Biomedical Applications"

- **6th Annual COE Food Drive**
  The University of Delaware College of Engineering is holding our 6th Annual Food Drive. There are a lot of families who cannot afford a Holiday meal, and that’s where we can help. We are accepting all canned and non-perishable food items and monetary donations (all money collected will be converted to food before being donated). All proceeds will be given to the Sunday Morning Mission in Wilmington. Donation boxes will be located throughout DuPont, Evans, Spencer, Colburn, CCM, Smith and Washington House; one will be located in the administrative offices of each area. If making a monetary donation, please make your check out to Charlie Garbini (DuPont Hall, 201) and take to him directly. The collection will run from Thursday, November 14th until Friday, November 22nd.

- **Save the date: Colburn Club Holiday Party**
  **When:** Tuesday, December 3, 2014 5:00 pm - 9:00 pm
  **Where:** Klondike Kates, 2nd Floor
  **More details to come**

Other Department Seminars/Events:

- **Joint Oceanography/Remote Sensing Seminar**
  Dong Wang (Graduate Student in POSE Program)
  Tuesday, November 19, 2013
  3:30 pm in 105 Robinson Hall
  "Combining altimetric height with broadscale profile data to estimate steric height, heat storage, subsurface temperature, and sea-surface temperature variability"

- **COE Distinguished Lecture Series**
  Dr. Jonathan Turner, Washington University
  Wednesday, November 20, 2013
  3:30 pm in Mitchell Hall
  "Building Networks in the Clouds"

Jobs/Recruiting:

- The Statler College of Engineering and Mineral Resources at West Virginia University is looking for outstanding candidates to fill faculty positions in different areas related to shale gas utilization. Detailed descriptions of these positions and additional information on shale gas research activities at WVU are available at WVU Office of the Provost - Shale Gas Utilization site.
Available positions can be found on the Chemical & Biomolecular Engineering opportunity website (http://www.che.udel.edu/biz/OppIndex.html), so be sure to check it regularly.
