Announcements:

- **During Winter Session**
  Colburn Lab will be locked as follows:
  - Monday through Friday all of the doors to Colburn Lab will be locked at 5:00pm.
  - The building will be locked on Saturday and Sunday.

CBE In the News:

- Faculty Highlight: William Tisdale
- NAI Fellow; Dean Oggunnaie named 2014 fellow of National Academy of Inventors

Department Events:

- Colloidal Gel Day workshop
  The Department of Chemical & Biomolecular Engineering is sponsoring a Colloidal Gel Day workshop on Thursday, January 8th. The program is attached for your information. Registration is free, but please complete the registration form by Monday, January 5th, so we can plan for your attendance. Contact Cinda Younce for additional information.

Jobs/Recruiting:

- The Dave C. Swalm School of Chemical Engineering at Mississippi State University invites applications for tenure-track faculty positions at the Assistant, Associate or Full Professor level.
- The College of Engineering at the University of Toledo invites applications for a tenure-track faculty appointment in the Chemical and Environmental Engineering Department for Fall 2015. The positions will remain open until an appointment is made.
- The Department of Chemical Engineering at the University of Louisville seeks candidates for a tenure-track assistant professor position. Candidates must apply online at louisville.edu/jobs, reference ID: UL281
- The Department of Chemical & Biomolecular Engineering at Illinois Institute of Technology (IIT) invites applications for one or more tenure-track and tenured faculty positions. Please send complete applications to: chbe_search@itt.edu
- The Chemical Engineering Department at Rowan University is seeking candidates to fill a tenure-track faculty position at the Assistant Professor rank.
- The College of Engineering at the University of Toledo invites applications for a tenure-track faculty appointment in the Chemical and Environmental Engineering Department for Fall 2015. The positions will remain open until an appointment is made.
- The College of Engineering at the University of Wisconsin Madison invites applications for up to six tenured/tenure-track faculty positions in the areas of advanced manufacturing and accelerated materials discovery.
- The College of Engineering at the University of Wisconsin Madison invites applications for up to six tenured/tenure-track faculty positions in the areas of advanced manufacturing and accelerated materials discovery.
- The School of Chemical, Biological and Materials Engineering (CBME) at The University of Oklahoma invites applications for a tenure track faculty position at the assistant professor level with an expected starting date in Fall, 2015. Candidates should send a resume, description of research plans, teaching and
outreach interests, and names of three references via email to: cbme@ou.edu Applications will be reviewed until candidates are selected and recommended for appointment.

Available positions can be found on the Chemical & Biomolecular Engineering opportunity website (http://www.che.udel.edu/biz/OppIndex.html), so be sure to check it regularly.
