**Jobs/Recruiting:**

• The Department of Chemical & Biomedical Engineering of the Washkewicz College of Engineering at Cleveland State University invites applications for a tenure-track position at the Assistant Professor level. For full consideration, candidates must submit a cover letter, curriculum vitae (including names of at least three professional references), a statement of interests in teaching, and a research plan through the Human Resources website ([https://hrjobs.csuohio.edu](https://hrjobs.csuohio.edu)). Review of applications will begin April 13.

• The Department of Chemical and Biomolecular Engineering is currently seeking applicants for a tenure-track Assistant Professor position at the University of Nebraska-Lincoln. The research areas are broad for this position, but should complement our Department’s work in Biomedical Engineering, Synthetic Biology, Catalysis, Biocatalysis, Electrochemistry, Nanomaterials, Inorganic materials, Biomaterials, Separations, Water Desalination, Fuel Cells, and Polymers. The official job posting may be viewed at: [https://employment.unl.edu/postings/42321](https://employment.unl.edu/postings/42321)

• Two available positions at Pfizer Inc. See attachments for more information.
