CBE in the News:

- Congratulations to Jonathan Rosen who won the first place at ACS I&EC Division Graduate Student Award Symposium!
- Congratulations to Michelle O’Malley who was recognized by MIT Technology Review as one of their 35 Innovators Under 35!

Department Events:

- Colburn Club Fall Picnic
  Friday, September 11, 2015
  4:00 PM - 8:00 PM
  Lums Pond
  There will be sandwiches, snacks, and drinks provided, and you are welcome to provide any entertainment including frisbees, cornhole, soccer, etc. If you would like to RSVP to the picnic or have any questions, please email:
  - Tamás Prileszky (tprilesz@udel.edu)
  - Amber Hilderbrand (ahilder@udel.edu)
- The cost of the picnic is $5 per person and includes food and drinks and must be paid before the end of the day on Wednesday, September 9th to either Tamás (CLB 019) or Amber (CLB 219).
- CCST Seminar
  Ivo Hermans, University of Wisconsin - Madison
  Friday, September 18, 2015
  10:00 AM in 366 CLB
  "Science and Serendipity in Heterogeneous Catalysis Research"

Other Department Seminars/Events:

- MSEG Seminar
  Dr. Michael Rubinstein, University of North Carolina
  Wednesday, September 9, 2015
  10:30 AM at 322 ISE Lab
  "Airway Surface Brush Sweeps Lungs Clean: Polymer Physics Helps Us Breathe Easier"

Jobs/Recruiting:

- The Department of Chemical and Environmental Engineering at the University of California, Riverside invites applications for part-time or full-time Lecturer position(s) for the Fall 2015, Winter 2016 and Spring 2016 academic quarters. The Chemical and Environmental Engineering Department has occasional need for a full-time or part-time Lecturer in the following broad areas: Advanced Materials and Nanotechnology
  - Air Quality Systems
  - Biotechnology & Bioremediation
  - Computation and Molecular Modeling
  - Energy Conversion and Storage
  - Water Quality Systems
- Interested individuals should send a cover letter, curriculum vitae, at least three references and teaching evaluations or other evidence of teaching (if available) to the online AP recruit website at https://aprecruit.ucr.edu
- The University of Idaho is searching for a tenure-track faculty position in our Chemical Engineering program with research and teaching interests in the areas of energy and/or biochemical engineering. Please refer to https://uidaho.peopleadmin.com/postings/10424 for more information.
- The Chemical and Biomolecular Engineering Department of the Henry Samueli School of Engineering and Applied Science at the University of California, Los Angeles (UCLA) is seeking a faculty candidate with extraordinary research
and teaching capability in Chemical and Biomolecular Engineering. Candidates must have a PhD degree in chemical engineering or a related field, and be qualified to teach undergraduate and graduate courses and to mentor MS and PhD students. The successful candidate will have an outstanding record of contributions to chemical and/or biomolecular engineering. Senior, qualified candidates maybe considered for the William D. Van Vorst Chair in Chemical Engineering. Please apply by 12/20/15 at https://recruit.apo.ucla.edu/apply/JPF0150

- The Department of Chemical and Biomolecular Engineering at Lafayette College in Easton, Pennsylvania, is pleased to announce a tenure-track position at the Assistant Professor level with appointment to begin July 2016. We seek the best available candidate with preference to those with expertise in advanced materials, energy, environmental engineering, or additive manufacturing. A strong background in teaching and mentoring, with interests in laboratory-based teaching, multidisciplinary collaboration, and experiential education, is a plus. A cover letter, statement of teaching interests, research plans, a curriculum vitae, and list of three references should be addressed to: Search Committee, Dept. of Chemical and Biomolecular Engineering. Email applications and questions to: chbe@lafayette.edu. Review of applications will begin November 1.

- The Department of Chemical and Biomolecular Engineering at UC Berkeley is hiring one full time lecturer with a start date of Spring 2016 to teach the following undergraduate course, CHM ENG 154, Chemical Engineering Laboratory. The lecturer is responsible for preparing weekly lecture material and experiments for the lab section, for evaluating student reports, and for supervising graduate teaching assistants. S/he manages the course enrollment by screening student prerequisites and giving final consent to exceptions. Interested parties may apply by November 1, 2015 at the following link:https://aprecruit.berkeley.edu/apply/JPF00442.

- The Department of Chemical and Biomolecular Engineering at North Carolina State University seeks highly qualified candidates to fill two tenure-track faculty positions in chemical engineering at the rank of Assistant, Associate, or Full Professor. Applicants should possess a Ph.D. (or equivalent) in chemical engineering or related disciplines and demonstrate excellence in scholarship and teaching potential. To find out more about our department, please check out our web page at http://www.che.ncsu.edu.

- The Chemical & Biomolecular Engineering Department at Tulane University seeks outstanding candidates for a tenure track position at the rank of Assistant Professor. Exceptional candidates at the Associate Professor rank will also be considered. Competitive applicants will demonstrate research excellence and a commitment to teaching at the undergraduate and graduate levels. Applicants specializing in life sciences or energy research are of particular interest. Tulane’s Chemical & Biomolecular Engineering Department is research active, offering B.S., M.S., and Ph.D. degrees. Prominent features of our ongoing departmental expansion include major additions to laboratory and office space in a new chemical sciences building. Please apply online at: http://apply.interfolio.com/30427.

- The Department of Energy, Environmental and Chemical Engineering (www.eece.wustl.edu) at Washington University in St. Louis has open faculty positions at all levels in several areas of chemical engineering. Please apply at: https://academicjobsonline.org/ajo/jobs/5924

- The School of Chemical & Biomolecular Engineering at Georgia Tech seeks candidates for multiple tenure-track faculty positions. Successful candidates will develop internationally recognized research programs in a collaborative environment that emphasizes both fundamental and industrially oriented research, with experimental or theoretical focus, while contributing to the School’s educational excellence. To apply, send a single PDF file to faculty.candidates@chbe.gatech.edu

- The Department of Chemical Engineering and Materials Science searches for two Assistant Professors in any area of Chemical and Biochemical Engineering. Consult http://chms.engineering.ucdavis.edu/ for our on-line application procedure and requirements.

- The Howard P. Isermann Department of Chemical and Biological Engineering and the School of Engineering at Rensselaer Polytechnic Institute (RPI) invite applications for a tenure track faculty appointment at the Assistant Professor level. Qualified individuals must apply by completing a short online application at http://rpijobs.rpi.edu/postings/2786, and by uploading a complete CV, a statement of research/teaching plans, and the names of three references.

Available positions can be found on the Chemical & Biomolecular Engineering opportunity website (http://www.che.udel.edu/biz/OppIndex.html), so be sure to check it regularly.
