CBE In the News:

- **CMET Seminar**
  Morton Denn, City College of New York
  Wednesday, September 9, 2015
  3:00 PM in 106 CCM
  "The Unusual Rheology of Particle-Filled Systems"

- **Visiting Scholar**
  William Russel from Princeton University will be here as a visiting scholar during the fall semester. Bill will be located in 269 CLB every Wednesday & Thursday from Sept. 9th through Dec. 17th.

- **CBE Seminar Series**
  Shelly Peyton, University of Massachusetts, Amherst
  Friday, September 11, 2015
  10:00 AM in 102 CLB
  "Synthetic Environments to Understand Cancer Metastasis and Drug Resistance"

- **Colburn Club Fall Picnic**
  Friday, September 11, 2015
  4:00 PM - 8:00 PM
  Lums Pond
  There will be sandwiches, snacks, and drinks provided, and you are welcome to provide any entertainment including frisbees, cornhole, soccer, etc. If you would like to RSVP to the picnic or have any questions, please email:
  - Tamás Prîleszky (tprilesz@udel.edu) and
  - Amber Hilderbrand (ahilder@udel.edu)
  - The cost of the picnic is **$5 per person** and includes food and drinks and must be paid before the end of the day on Wednesday, September 9th to either Tamás (CLB 019) or Amber (CLB 219).

- **UDEI Seminar**
  Thomas J. Tarka, P.E. – National Energy Technology Laboratory (NETL), U.S. Department of Energy
  Thursday, September 17, 2015
  10:00 AM in 366 CLB
  "Science and Serendipity in Heterogeneous Catalysis Research"

- **CCST Seminar**
  Ive Hermans, University of Wisconsin - Madison
  Friday, September 18, 2015
  10:00 AM in 366 CLB
  "Science and Serendipity in Heterogeneous Catalysis Research"

Other Department Seminars/Events:

- **Condensed Matter Seminar**
  Stephanie Law, University of Delaware
  Tuesday, September 8, 2015
  2:00 PM at 215 Sharp Lab

- **MSEG Seminar**
  Dr. Michael Rubinstein, University of North Carolina
  Wednesday, September 9, 2015
"Airway Surface Brush Sweeps Lungs Clean: Polymer Physics Helps Us Breathe Easier"

Jobs/Recruiting:

- The School of Chemical, Biological and Materials Engineering (CBME) at The University of Oklahoma invites applications for a tenure track faculty position at the assistant professor level with an expected starting date in Fall, 2016. Candidates with research expertise in all fields will be considered, but the School is particularly interested in renewable or conventional energy as well as water treatment processes (e.g. desalination, reclamation and reuse) with special interest in the water-energy nexus. Other traditional areas of strength in CBME including bioengineering, catalysis, surface science, surfactants, and materials science are also of interest. Candidates must hold an earned doctorate in chemical engineering or closely related discipline. Salary will be commensurate with experience and qualifications. Successful candidates will be committed to excellence in both research and education, and they will function effectively in a multidisciplinary research environment. CBME offers competitive startup packages, exciting opportunities for research collaboration, and a supportive environment for new faculty. Candidates should send a resume, description of research plans, teaching and outreach interests, and names of three references via email to: cbme@ou.edu. Review of completed applications will begin on November 1, 2015 and will continue until the position is filled.

- The Ohio State University has four open faculty positions:
  - Cancer Cluster, tenure-track, assistant professor, biomolecular transport phenomena in intercellular interactions
  - Energy, tenure-track, assistant professor, polymeric or metal oxide materials, devices, and catalytic or non-catalytic processes associated with photo, electro, and/or chemical systems
  - Petroleum Engineering, non-tenure track, industry experience
  - Green Chemistry/Sustainable Engineering, tenured associate or full, research in reaction engineering

- UMBC’s Department of Chemical, Biochemical, and Environmental Engineering is seeking to fill two positions; one at the Assistant Level and the second at the Lecturer level.

Available positions can be found on the Chemical & Biomolecular Engineering opportunity website (http://www.che.udel.edu/biz/OppIndex.html), so be sure to check it regularly.
